

You have been scheduled with WellStar Medical Group Oncology. We know your time is valuable; to make your visit as efficient as possible, we have enclosed some forms needed by your physician at the time of your visit.

Please complete these forms as accurately as possible and bring them with you to your appointment. Your physician will need a complete list of medications you are taking, any allergies you may have and other history which may have an impact on your healthcare. This information will assist your physician in obtaining a complete picture of your medical, surgical and social history.

Completion of this information before your scheduled appointment will make your visit more efficient and the information provided will help you and your physician make the best healthcare decision possible.

We ask that you bring your insurance/pharmacy cards and picture ID.

Thank you,

WellStar Health System Medical Group Oncology
